SAVE OUR YOUTH MUSIC RECITAL

The Save Our Youth music program was designed to bring positive change to the lives of our young people. As a result, these dedicated students have come together to reach their potential and create something truly special. At Save Our Youth, we are proud to highlight their determination and hard work. Under the instruction of Thomas Firth 13 students satisfactorily completed our 2022-2023 music program. Achievements like these don't come without hard work and dedication, so let's give them a round of applause.

Congratulations Izzati Igboba, Jaiyana Presley, Jaiyani Presley, Anthony Phillips, Addy Blair, Rhiannon Bromley, Charlotte VanDusen, Lilah VanDusen, Paul Nwankwo, Prisca Nwankwo, Peace Nwankwo, Keon McGuire, Levi Yeah, for satisfactorily completing the Save Our Youth music program.

BOOK BUILDING PROGRAM

This program is a perfect example of what can happen when people come together, share their voices and ideas, and think beyond the impossible. Proud and excited to announce that 77 students from 3 schools (5th graders at Bean Elementary School, 5th graders at Northeast Elementary School, and 6-8 grade students at the 4th Street Learning Center) have created their very own books, and Save Our Youth have had them published. Through this book-building program, we now have created 77 published authors in the 2022-2023 school year.
